3. Significant Conversations and Contacts

a. GRA Courier

A preliminary investigation has been made by the IG's office of our need and use of John. They are apparently looking into the possibility of integrating John into the regular courier system.

25X1A9a [REDACTED] asked that he be informed if the IG's office contacts anyone in the divisions on this matter.

4. Geographer Exchange

25X1A9a

25X1A9a [REDACTED] reported that he had received a copy of a letter from [REDACTED] (E-W Contacts) giving a summary of discussions between Mr. Harris and Gerasimov on the exchange of geographers. This exchange will involve 4 to 6 people for a period of 3 to 4 weeks.

25X1A9a [REDACTED] has asked for our views on this from the intelligence point of view. 25X1A9a [REDACTED] reviewed some of the highlights of the proposal, and received several suggestions which will be incorporated into a reply 25X1A9a [REDACTED].

5. Series on ORR Collection Guides and ORR Gaps in Information

Chief/G has received copies of two memoranda stating the purpose, form, and responsibilities for the production of the ORR Collection Guide Series and the ORR Gaps in Information Series. [REDACTED] asked that 25X1A9a each Division Chief study these memoranda and let him know if there are any further questions or comments.

6. FY 1960 Budget Funds

There is still some money available in the FY 1960 budget for any justifiable expenditure (e.g., external research, travel, equipment); we should put in any requests for these at an early date. [REDACTED] suggested 25X1A9a that [REDACTED] trip might be moved up from mid-July to the end of June; he will investigate this possibility with DD/P personnel prior to making any change.

7. Possible External Research Contracts

25X1A9a

[REDACTED] reported on the progress of two possible external research contracts. A report is expected from AMS sometime this week giving an estimate of time and cost of one of the projects; a proposal has just been sent to [REDACTED] to consider the other.
